REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR § 1.323

Pursuant to 35 USC § 255, “whenever a mistake of a clerical or typographical nature, or of minor character, which was not the fault of the Patent and Trademark Office, appears in a patent and a showing has been made that such mistake occurred in good faith, the Director may, upon payment of the required fee, issue a certificate of correction, if the correction does not involve such changes in the patent as would constitute new matter or would require reexamination.”

In the above-referenced patent, applicant inadvertently made a clerical error of minor character when typing claim 29 of the patent. The mistake was made in good faith and without any deceptive intent. Moreover, correcting the mistake does not constitute new matter.

Specifically, on page 29, column 30, line 42, the word “than” was inadvertently left out between the words “greater” and “the”. As corrected, column 30, line 42 should read, “transceivers and comprising not greater than the number of”.

Certificate of Correction form, PTO/SB/44 and the certificate of correction fee as set forth in 37 CFR § 1.20(a) are filed concurrently herewith.
